DETAILED ACTION

This Office action is in response to applicant's amendment filed on 05 September 2006, which has been entered.

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - Claims 1-10 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a memory cell that includes a polymeric body between two electrodes with a surface of the polymeric body having a plurality of roughness formations on a surface, a first portion of a first interface material between one of the electrodes and the surface of the polymeric body having a first thickness, and a second portion of a second interface material between the other electrode and an opposing surface of the polymeric body having a second thickness, wherein the first thickness is greater than both a height of the roughness formations and the second thickness; and
